

# Company Information

World Nomads is a fast-growing, global travel insurance company. We provide inspirational stories, safety tips and specialized travel insurance for adventurous and independent travelers. Our online travel insurance offers cover to travelers from more than 100 countries and allows you to buy and claim online, 24/7, even while already traveling.

Our travel insurance focuses on what we believe is important to travelers: emergency medical and evacuation costs, baggage, trip cancellation, trip delay and trip interruption costs. We also offer cover for more than 150 adventure sports and activities, plus tech and gear. Our policies are underwritten by a suite of specialist travel insurers that provide 24/7 emergency assistance, customer service and claims support, making us a top choice for many of the world's leading adventure and youth travel brands.

World Nomads is a part of the nib Group which provides health and medical insurance to more than 1.6 million Australian and New Zealand residents. We also provide health insurance to more than 190,000 international students and workers in Australia and are Australia's third-largest travel insurer and global distributor of travel insurance through our business nib Travel.
